Tank inspections
ILD 005450697, Permit # 0316000053 - Cook

Dear Mr. Schollenberger:

Enclosed are the 2005 internal tank inspections per our five year rotating schedule. Project Resources, Inc.'s Jim Bishop, P.E. and the inspection firm Anchor Mechanical, Inc. completed a report on the visual internal and external tank inspections on eighteen (18) hazardous waste storage tanks according to our schedule and the requirements of our RCRA Part-B operating permit.

A total of eighteen (18) tanks were inspected. All eighteen (18) tanks were found to be in suitable condition for use as hazardous waste storage tanks. The inspection results are included in the report. The report dated December 8, 2005 from Mr. Bishop is enclosed.

If you have any questions or require additional information, please contact me at (773) 247-2828.

Sincerely,

Alfred Aghapour
Facility Manager
